BARBARA EX-95 | AMBROSIA EX-95

# Complete Dispersal, 160 Sell!

*Barbara & Ambrosia sell!*

*What's Next...*

**Kueffner Holsteins Complete Dispersal...** There has been an extreme amount of discussion within the industry regarding the decision to disperse my Holsteins. Terri & I appreciate the conversations and people's genuine interest in the herd. Yes, we are going to stay in the cattle business, but on a much smaller scale. Our farm in Boonsboro, Md., won't accommodate 160 head of cattle, so the decision was made to sell. We have truly enjoyed our time at Arethusa Farm over the past decade and our relationship isn't over, it's just on a limited consultation basis.

**Our Partners...** I have had many great cattle partners over the years with similar cow philosophies. I appreciate those partners and the faith they've put in my ability to develop cattle. It's time to conclude those partnerships for now and move on. It doesn't mean we won't partner on other ventures down the road, but for now, everything we own in partnership will be offered at this sale.

**Cattle are an Investment...** and one of my greatest investments started 20 years ago with Alanvale Inspiration Tina, plus there have been so many others along the way – Ashlyn, Chassity, Barbara, etc. Working with five generations of cattle over the past two decades has taken tremendous thought and effort, but watching the resulting progeny develop is by far my greatest pleasure. Years of planning, careful matings and great cow families are the cornerstone of my Holsteins and this is your opportunity to invest in a foundation female to enhance your herd! *-Ernie*
